# VILLA VICI

A sleek & sexy modern swivel chair, inspired '70s glam. One solid piece of curved 1/2" acrylic, attached with metal caps, forms the back. A well-padded seat and a custom-sized 18"x24" down-blend accent pillow provide comfort. The round wood base with distinctive graining adds design interest. Lucy is seen here with a Clear acrylic back and polished-stainless caps. The chair is also available in Smoke acrylic and with brass caps. The base comes in a choice of several wood finishes.

Shown and priced with in-stock fabric: Keystone - Charcoal

Also available in custom fabrics. Call, email or stop by for availability and pricing.
